Student budgets can be increased for dependent care expenses paid in the 2017-2018 academic year. If a student's budget is adjusted due to dependent care expenses, there is a possible increase in award ONLY if a student has available funds. Dependent care expenses do not affect EFC (Expected Family Contribution) or Pell Grant eligibility. Dependent care expenses may include after school care but do NOT include private school tuition.

List family member(s) and the amount of expenses below:
